

# Illusions Railing Design Center "QuickStart" Tips

## What is the Illusions Railing Design Center?

1. The Illusions Railing Design Center is a FREE computer based program provided by Illusions Vinyl Railing to help display all of the available color and WoodBond choices in the Grand Illusions Series. It is also a terrific ordering tool that lays out the deck, railing, and color choices complete with printable reports and dealer fill-in pages.

## Getting Started

1. Go to [www.illusionsvinylrailing.com](http://www.illusionsvinylrailing.com) and click the Illusions Railing Design Center Button.

2. If Returning User or if you have used the Illusions Fence Design Center, log in on the right with your present username and password.
3. If New User, you need to simply register.

4. Once registered, click "Begin New Project."

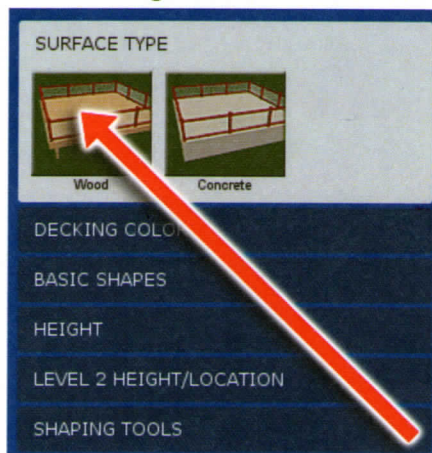

5. Work through the menus and get to the Intro Screen where you can hit “Begin New Design.”

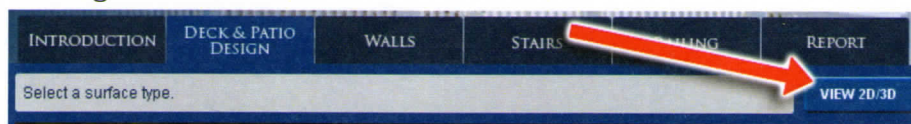

6. The Illusions Railing Design Center is extremely simple and intuitive. Just click through the menu items on the left to design your deck/patio.

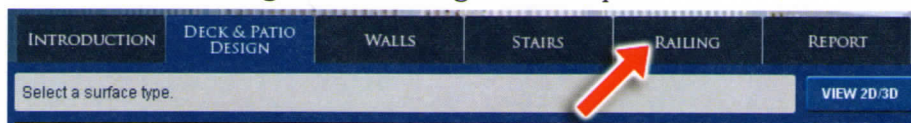

7. Once you’ve designed your deck, click on “Walls, and Stairs” on the top menu to complete the overall design of your deck.

8. At any time you can switch between 2D and 3D for your deck layout by clicking this button.

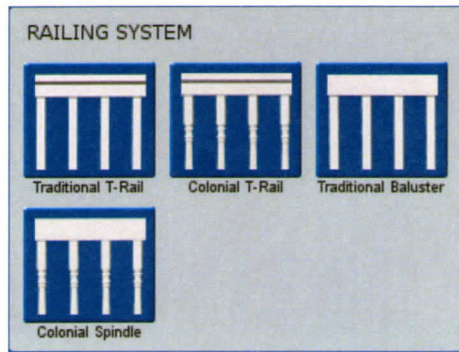

9. To create the railing, click “Railing” in the top menu.

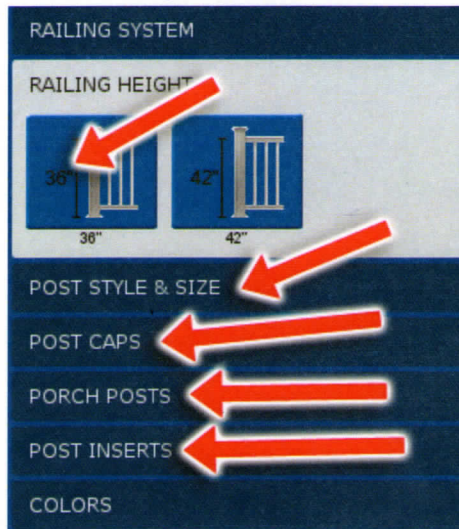

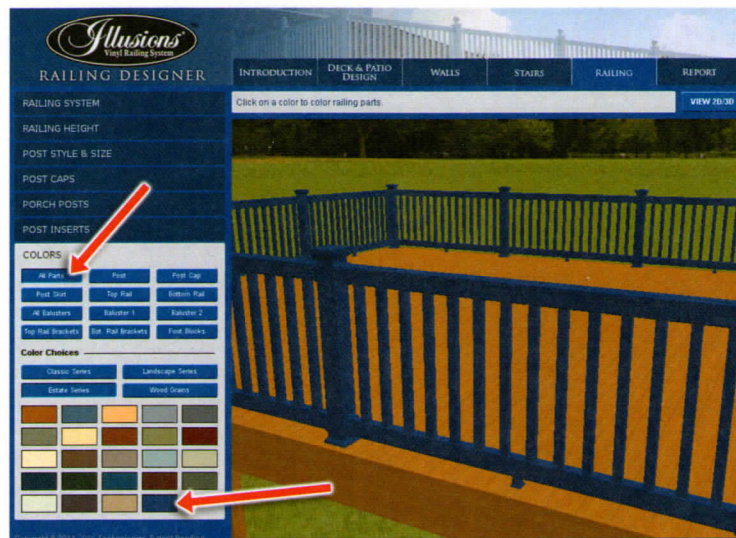

10. Choose your individual Illusions Vinyl Railing Style.

11. Move through the menu to choose your other items for the Railing.

12. You can Mix 'n' Match™ your colors or WoodBond in the Colors section. You have the ability to choose from any of the Classic, Landscape, Estate or Vinyl WoodBond Series to create your railing masterpiece. To color the entire railing one color, click "All Parts" and then click on the color you want it to be.

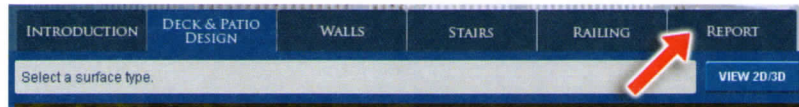

- If you want to use multiple colors in your Illusions Vinyl Railing, just click on the “COLORS” button for the part you’d like to have a different color for. Then click on the color. Watch the color change in the 3D rendering in the viewer window.

- When you have completed your Design, click on “REPORT.”

- Fill out the Customer and Job Info. This will print out on your finished report that can be printed, e-mailed, or saved for later.
